Trail Description/ Key Points of Interest	<p>This challenging portion of the Gravenhurst Trans Canada Trail makes up almost one third of the entire Trans Canada Trail route through Gravenhurst. Designed for nature lovers, the Cooper's Falls Trail traverses through the rugged rock ridges and vast wetlands that make up the Kahshe Lake Barrens Conservation Reserve. Although sections of the trail route are bordered by hundreds of acres of Crown Land, it is still very important to remain on the trail route for safety, to protect the environment, and to avoid private property.</p>
