Distance (km)	3 km, 7 km and 8 km
Total # of steps	4000 to 11000
Difficulty (easy, moderate, difficult)	moderate to difficult
Trail Description/ Key Points of Interest	Hardy Lake Provincial Park provides hiking access to the shores of both Hardy Lake and Lake Muskoka, two of the most picturesque and rugged shorelines, characteristic of the lake-studded precambrian rock landscapes of Muskoka. The trails consist of an 8 km loop around Hardy Lake, or a short loop of 3 km touching on the shore. The inland trail of 7 km winds through the forests, up and down hills and accesses many of the wetlands in the interior of the park.
Volkssport Rating (see page 8)	2C
